She woke up the day after the Benghazi attacks to see her face all over national television, with Hillary blaming her for the deaths of four Americans. New York Times best-selling author Kenneth R. Timmerman digs deep into the web of deception surrounding the “hateful” video, with stunning new documents, emails, and interviews with many of the participants. This is the story of a deception that went way beyond a YouTube video to encompass Hillary Clinton’s diabolical vision for America under Islamic law.

The Lyin Kings Irene Petteice,2014-09-15 The Lyin Kings. The Wannabe World Rulers. Two people, a man and a woman who fought for power in 2008, may once again do battle in 2016. This time, will it be up to the Illuminati, the gay world, the Illegals, FEMA, or the Militia that will decides who wins or loses. Hillary Clinton, a confessed Socialist, and Barack Obama, a practicing Socialist, both want to lead the world, not our country; both want to destroy our Constitution and Declaration of Independence; both were students and worshipers of Saul Alinsky. Clinton who has no acclaim as a former Secretary of State and Obama who has become the worst President we have ever had. Obama will not give up his kingdom easily and will call martial law, if necessary, in order to thwart the 2016 election.

Venture Meets Mission Arun Gupta, Gerard George, Thomas Fewer,2024-01-09 The world is facing dramatic geopolitical, environmental, and technological shifts. *Venture Meets Mission* argues that if Business, Government, and Society come together, rebuild trust, and collaborate, we have a generational opportunity to address societal challenges—climate change,

cybersecurity, disease outbreaks, food insecurity, and education. The book explains, with hope and passion, how our existing entrepreneurial ecosystem, with the ideals of democracy, can be the foundation for a new mission-driven capitalism. The good news is the components of this problem-solving ecosystem already exist. The authors explain what is required to join people, purpose, and profit together for world-changing impact—starting with rebuilding trust among Business, Government, and Society. The authors draw on their leadership experience with Silicon Valley innovation, venture capital, and work at the highest levels of the federal government. The book tells engaging stories of successful entrepreneurs, with diverse perspectives and intersectional experiences, who combine mission and venture to solve critical societal problems. This book seeks to inspire a generation of students, young professionals, and entrepreneurial executives to pursue mission-driven ventures that can make the world a better place. *Venture Meets Mission* also explains why and how forward-thinking government officials and policymakers can harness private sector entrepreneurship and innovation to solve society's problems.

Never Far from Home Bruce Jackson, 2023-02-07 Microsoft's associate general counsel shares the inspirational story of his rise from childhood poverty in pre-gentrified New York City to a stellar career at the top of the technology and music industries in this stirring true story of grit and perseverance. For fans of Indra Nooyi's *My Life in Full* and Viola Davis's *Finding Me*. As an accomplished Microsoft executive, Bruce Jackson handles billions of dollars of commerce as its associate general counsel while he plays a crucial role in the company's corporate diversity efforts. But few of his colleagues can understand the weight he carries with him to the office each day. He kept his past hidden from sight as he ascended the corporate ladder but shares it in full for the first time here. Born in Crown Heights, Brooklyn, Jackson moved to Manhattan's Amsterdam housing projects as a child, where he had already been falsely accused and arrested for robbery by the age of ten. At the age of fifteen, he witnessed the homicide of his close friend. Taken in by the criminal justice system, seduced by a burgeoning drug trade, and burdened by a fractured, impoverished home life, Jackson stood on the edge of failure. But he was saved by an offer. That offer set him on a better path, off the streets and eventually on the way to Georgetown Law, but

not without hard knocks along the way. But even as he racked up professional accomplishments, Jackson is still haunted by the unchanged world outside his office. From public housing to working for Microsoft's president, Brad Smith, and its founder, Bill Gates, to advising some of the biggest stars in music, Bruce Jackson's *Never Far from Home* reveals the ups and downs of an incredible journey, how he overcame many obstacles and the valuable lessons learned along the way.

Cannot Be Silenced Grace Baumgarten,2016-07-29 Did you know? There's a battle, raging for over 6,000 years and continuing until the end of time? Beginning in the Garden of Eden, between God and Lucifer, truth and falsehood, good and evil, light and darkness. A battle for the souls of Man. God created man to multiply, subdue, and have dominion over the earth. But Lucifer, or Satan, the ruler of the world system, was envious of God's love for man. He deceived Adam and Eve to sin against God. Ever since then, Satan has ensnared various men across time, advancing his agenda; to create world-wide financial dominion, thus controlling the political, spiritual and economic systems everywhere, with himself taking full lordship over God's creation. This is why I, Grace Baumgarten, *Cannot Be Silenced*. With this being an election year in the USA, and its consequent Changing of the guard, being informed about the secret societies, or Enlightened Elites, is imperative. Their ideology? True freedom is liberation from God, and from moral constraints; with no absolute faith. To them, All truth is relative to the individual or group. With back-room dealings, ruinous bailouts and elimination of basic human values, they've turned the USA over to be dissected, corporate-style, and they're forcing this fraud on you and me. Yet, our founding fathers constructed a different concept; one of freedom, under the authority of Almighty God, as the Great Ruler; with His creation, nations and peoples empowered from on High, His Bible and His Commandments are the authoritative Word of God, and the basis for law, life, and true liberty. My first book was just the beginning, and so much has happened! Therefore, following a one-year sabbatical, I started writing one sentence at a time, knowing one day, this book would be born. *I Cannot Be Silenced*.

Stop the Coming Civil War Michael Savage,2014-10-07 In the book that predicted our current political climate, conservative talk-show host and #1 New York Times bestselling author Michael Savage shows how true patriots can defend America's freedoms before it's too late. The split between the right and the left is growing every day, and our country is in real trouble. Not between the states, but between true patriots who believe in our nation's founding principles and those he believes are working every day to undermine them and change the very nature of the country. Michael Savage is convinced we face more than just political differences. He believes the split between right and left is possibly irreversible unless we understand what's destroying American values and how to stop it. This fervent warning offers the Savage truth - a call to action in the voting booth - in order to defend the freedoms our Constitution so brilliantly established.

Feminism after 9/11 Carmen R. Lugo-Lugo,Mary K. Bloodsworth-Lugo,2017-09-30 This book is about social phenomena that directly acknowledge the structures and ideologies emerging after September 11, 2001. It considers how these

structures and ideologies manage, control, and contain specific bodies with respect to race/ethnicity, gender, sexuality, and citizenship status. Inflections presented via “9/11” come into play against a backdrop shaped by established patterns of behavior and attitudes toward women and particular groups of people within an American landscape. As a result, existing notions of threat combine with 9/11 inflections to shape a specific conception of threat in a context “after” 9/11, and within this context, a feminism “after” 9/11 emerges. This contextualized feminism would have to develop its analysis within the frame of a society fundamentally altered by the events of 9/11, including its ideological aftermath, by foregrounding pertinent social categories as they interplay with women’s bodies.

The Scandalous Presidency of Barack Obama Matt Margolis, 2018-04-03 “I’m proud of the fact that [...] we’re probably the first administration in modern history that hasn’t had a major scandal in the White House.” So President Barack Obama boldly declared before leaving office, and numerous times since. But is it true? Not according to Matt Margolis, bestselling co-author of The Worst President in History: The Legacy of Barack Obama. Margolis lays out the details of literally dozens of Obama administration scandals that have been ignored, downplayed, or covered-up by the mainstream media. From “Fast and Furious,” to the illegal IRS targeting of conservative groups, to the recent NSA spying outrage, Margolis makes a powerful case that the Obama years represented nearly a decade of lawless and abusive governance. While Obama and his allies attempt to spin the narrative that his presidency represented a time of pristine politics, it’s critically important that Americans understand the truth—Barack Obama brought to Washington corrupt Chicago-machine politics of cronyism and corporate payoffs, combined with audacious Alinskyite tactics aimed at dividing Americans and destroying his opponents. Obama’s legacy will be discussed and debated for decades. But in the early months after he left office, more scandals have been uncovered—most notably an illegal scheme of using the NSA to spy on his political opponents and the frightening

decision to block the prosecution of Iranian-backed terrorists. Far from being a virtuous New Camelot, the Obama administration abused its power like few others.

Summary & Rebuttal for Becoming by Michelle Obama SCOTT CAMPBELL, 2021-01-03 Thanks to mass marketing from deep pocketed progressives into 28 languages from a parent publishing firm from Germany, called Bertelsmann, which own's Crown, Michelle Obama's book, *Becoming*, is likely to enjoy the status and influence of the best selling memoir of all time-- unless Barack's *A Promised Land*, can beat it. Bertelsmann, which initially became rich from publishing for Hitler through exploiting Jewish slave labor, influences most of the Western world as a serpent which molted into the world's biggest publishing company. Bertelsmann soon earned a reputation for meddling in global politics, accepted routine visits from heads of state, and made Barack and Michelle rich. Barack's first lucrative contract came just before he entered office, making it perfectly legal, albeit unethical. The biggest contracts came after they left the White House. We can assume they got something in return for Germany and the EU other than book profits--like a deal to publish Common Core or an Obama push for the Paris Climate Agreement. It just doesn't seem right to make all of that money off of public office, especially when you profess concern for income inequality and the plight of the poor. According to *The Atlantic*, Barack Obama leaked that Michelle's publisher employed a ghostwriter for her life chronicles, and, of course, claimed that he will not. This becomes obvious with professional-level passages filled with clever use of verbs, adjectives, and descriptions more fitting for a practiced novelist than an attorney or hospital outreach director. It is not uncommon for celebrities to employ ghostwriters, but when the memoir is hyped as "in her own words," then it becomes unsettling, even disgusting. This summary book is a most unusual and valuable book for understanding Michelle Obama, her origins, and her participation in a partisan plot, including an arranged marriage, with Barack Obama and his leftist, activist, and big-business backers, to capture the White House for profit and global influence. This book presents a summary of *Becoming* as published, but then continuously counters with a rebuttal which is expanded after the summary. So you get Bertelsmann's version of her story, and then the real and truthful version, simultaneously, and with cited references from reputable sources. IMPOSTOR SYNDROME Impostor Syndrome, or "fraud syndrome," is not uncommon among celebrities as a psychological affliction in which a person not only questions their abilities, intelligence, and accomplishments, but harbors a nagging and constant fear of being revealed as a fraud. According to the BBC, on December 3, 2018, Michelle Obama interviewed in London with Nigerian author Chimamanda Ngozi Adichie, and, when asked how she felt about her perception as a symbol of hope, told the world that she has Impostor Syndrome, and she finds it hard to believe that people listen to her at all, and that people should not take her seriously. Michelle summed it up by saying she sometimes feels like a fraud. Could it be that not only is she a fraud, but, along with Barack Obama, an integral part of the perhaps the biggest, most serious, most damaging fraud in world history, responsible for the pilfering of trillions of dollars, economic stagnation, the abandonment of morality, killing

hundreds of thousands, and further dividing a nation by race and gender? If true, Michelle and Barack's fraud may have provided the funding and leadership, and access by foreign governments, to finally destroy the values and fabric of the United States forever in favor of leftist and communist agendas. Fraud, or fraud and treason?

Domando tus cocodrilos Hylke Faber,2021-06-04 ¿Qué necesitas para convertirte en un líder exitoso? Ejercer el verdadero liderazgo significa liberarte de las falsas limitaciones y trazar un camino lleno de propósitos basados en los valores que reflejen quien realmente eres, inspirando a otros a hacer lo mismo. Antes de convertirse en consultor estratégico, Hylke Faber realizó un viaje de transformación, alejado del estrés y más cercano a su ser espiritual, y comprendió que su recorrido lo estaba llevando a evolucionar y a encontrarle un sentido mucho más profundo a su vida. Entonces, se dedicó a identificar cuáles eran aquellos condicionamientos que él llama cocodrilos, pues están basados en miedos y falsos temores, y trabajó incansablemente hasta encontrar estrategias y comportamientos que lo guiaran a convertirse en un emprendedor con la sabiduría del búho, que refleje la que en verdad es su esencia. Creo que el tema del miedo es personal y es por esa razón que permanece escondido y enterrado en el lugar de trabajo. Domando tus cocodrilos me impactó en gran manera. Ahora puedo hablar libremente sobre el tema porque esta lectura me ayudó a sentirme libre para liderar a Microsoft hacia el futuro y sin miedo alguno. —Toni Townes-Whitley, Vicepresidente Corporativo en el sector público de la industria mundial de Microsoft Domando tus cocodrilos nos presenta una visión convincente y clara de por qué actuamos y seguimos actuando dentro de las barreras que limitan nuestro crecimiento. Cada vez que me siento a leer este libro, aprendo más sobre mí mismo y sobre cómo ser más fiel a mis convicciones frente a mi equipo. Muy recomendable. —Augusto Muench, Presidente de Boehringer Ingelheim Sur América.
